How to Setup the Parent Hubbe Mobile App

Roles that Have Access: Parents with Hubbe Parent Portal Accounts

Hi Parents! Hubbe offers a mobile app available in the Apple and Google Play app stores that you can use to manage your parent portal account right from your mobile device! This guide will show you how to set up the Parent Hubbe mobile app and get started with easily managing your account in the Hubbe Parent Portal for your agency from the app.

Downloading the App on Your Device

To download the Parent Hubbe app on your mobile device, first visit the <u>Apple</u> or <u>Google Play</u> app store on your mobile device. Search for "Parent Hubbe," as shown below. Select "Get" or "Install," depending on your mobile device's app store, to download the Parent Hubbe app.

After the Parent Hubbe app has downloaded onto your device, click to open the application on your mobile device. Click the mint-colored "Select County & Agency" button to find your parent portal. Please ensure the email you enter is the email used to create your parent portal account.

Alternatively, if you've received the Parent Hubbe email invitation from your agency, either click on the link in the email, or scan the QR code on your mobile device to open your agency's login page in the Parent Hubbe app.

If you clicked the mint "Select County & Agency" button, you will be led to the county list page. Select the county in which your agency resides. You can enter the name of your county into the search bar to easily locate it in the list. You will then be redirected to the agency selection page in the app. All the agencies that use Hubbe in your county will be listed. Select your agency. This will direct you to the login page for your agency's parent portal.

As mentioned above, you will then be redirected to the login page for your Parent Hubbe account. Enter your usual username and password for your Hubbe parent portal account. Then click "Login."
